

## Multiducts & Water Jackets

Multiduct & Water jacket are the two parts that are exposed to severe operating parameters. The rate of corrosion / erosion & resultant failure has been a regular feature of these parts.

MPI delivers Multiducts & Water Jackets at a most competitive price maintaining the quality to meet the life expectancy.

Multiducts are made from **SiMo casting** & latest versions with **Nimonic sleeves** are also available.

**Multiducts & Water Jackets** are machined to perfection & undergo thorough quality checks to ensure their reliability.

MPI provides Multiducts and/or Jackets for following engines ;

W20

W26

Vasa 32/32LN/32GD/32DF/34SG

W32/W32GD/W34DF/W34SG

MAN 23/30H

MAN 28/32H
